

# systema cardiovasculare

## TA98 PARTONOMIC LIST

TID	Short official Latin term	Short English equivalent
3568	12.0.00.000 <b>systema cardiovasculare</b>	<b>cardiovascular system</b>
	<i>Nomina generalia</i>	<i>General terms</i>
3569	12.0.00.001 vas sanguineum	blood vessel
3570	12.0.00.002 anastomosis arterioloventricularis; anastomosis arteriovenosa	arterioloventricular anastomosis; arteriovenous anastomosis
3571	12.0.00.003 arteria	artery
3572	12.0.00.004 arteria nutricia; a. nutriens	nutrient artery
3573	12.0.00.005 arteriola	arteriole
3574	12.0.00.006 circulus arteriosus	arterial circle
3575	12.0.00.007 circulus vasculosus	vascular circle
3576	12.0.00.008 cisterna	cistern
3577	12.0.00.009 haema; sanguis	blood
3578	12.0.00.010 plexus vasculosus	vascular plexus
3579	12.0.00.011 plexus venosus	venous plexus
3580	12.0.00.012 rete arteriosum	arterial plexus
3581	12.0.00.013 rete mirabile	rete mirabile
3582	12.0.00.014 rete vasculosum articulare	articular vascular plexus
3583	12.0.00.015 rete venosum	venous plexus
3584	12.0.00.016 sinus venosus	sinus venosus
3585	12.0.00.017 tunica externa	tunica externa
3586	12.0.00.018 tunica intima	tunica intima
3587	12.0.00.019 tunica media	tunica media
3588	12.0.00.020 valva	valve
3589	12.0.00.021 valvula	cuspid
3590	12.0.00.022 cuspis	cuspid
3591	12.0.00.023 valvula venosa	venous valve
3592	12.0.00.024 vas anastomoticum	anastomotic vessel
3593	12.0.00.025 vas capillare	capillary
3594	12.0.00.026 vas collaterale	collateral vessel
3595	12.0.00.027 vas sinusoidum	sinusoid
3596	12.0.00.028 vasa vasorum	vasa vasorum
3597	12.0.00.029 vasa nervorum	vessels of nerves
3598	12.0.00.030 vena	vein
3599	12.0.00.031 vena comitans	vena comitans
3600	12.0.00.032 vena cutanea	cutaneous vein
3601	12.0.00.033 vena emissaria	emissary vein
3602	12.0.00.034 vena nutricia; v. nutriens	nutrient vein
3603	12.0.00.035 vena profunda	deep vein
3604	12.0.00.036 vena superficialis	superficial vein
3605	12.0.00.037 venula	venule
3606	12.0.00.038 vas lymphaticum	lymphatic vessel
3607	12.0.00.039 vas lymphaticum superficiale	superficial lymph vessel
3608	12.0.00.040 vas lymphaticum profundum	deep lymph vessel
3609	12.0.00.041 plexus lymphaticus	lymphatic plexus
3610	12.0.00.042 valvula lymphatica	lymphatic valvule
3611	12.0.00.043 lymph	lymph
3612	12.0.00.044 vas lymphocapillare	lymphatic capillary
3613	12.0.00.045 rete lymphocapillare	lymphatic rete
3614	12.1.00.001 <b>COR</b>	<b>HEART</b>
3615	12.1.00.002 basis cordis	base of heart
3616	12.1.00.003 facies sternocostalis; facies anterior	anterior surface; sternocostal surface
3617	12.1.00.004 facies diaphragmatica; facies inferior	diaphragmatic surface; inferior surface
3618	12.1.00.005 facies pulmonalis dextra	right pulmonary surface
11341	12.1.00.031 facies pulmonalis sinistra	facies pulmonalis sinistra

3619	12.1.00.006	margo dexter	right border
3620	12.1.00.007	apex cordis	apex of heart
3621	12.1.00.008	incisura apicis cordis	notch of cardiac apex
3622	12.1.00.009	sulcus interventricularis anterior	anterior interventricular sulcus
3623	12.1.00.010	sulcus interventricularis posterior	posterior interventricular sulcus
3624	12.1.00.011	sulcus coronarius	coronary sulcus
3625	12.1.00.012	ventriculi cordis	ventricles of heart
3626	12.1.00.013	septum interventriculare	interventricular septum
3627	12.1.00.014	pars muscularis	muscular part
3628	12.1.00.015	pars membranacea	membranous part
3629	12.1.00.016	septum atrioventriculare	atrioventricular septum
3630	12.1.00.017	atria cordis	atria
3631	12.1.00.018	auricula atrii	atrial auricles
3632	12.1.00.019	septum interatriale	interatrial septum
3633	12.1.00.020	trabeculae carneae	trabeculae carneae
3634	12.1.00.021	vortex cordis	vortex of heart
3635	12.1.00.022	musculi papillares	papillary muscles
3636	12.1.00.023	chordae tendineae	chordae tendineae; tendinous cords
3637	12.1.00.024	chordae tendineae falsae; chordae tendineae spuriae	false chordae tendineae
3638	12.1.00.025	trigonum fibrosum dextrum	right fibrous trigone
3639	12.1.00.026	trigonum fibrosum sinistrum	left fibrous trigone
3640	12.1.00.027	anulus fibrosus dexter	right fibrous ring
11342	12.1.00.032	anulus fibrosus sinister	left fibrous ring
3641	12.1.00.028	tendo infundibuli	tendon of infundibulum
3642	12.1.00.029	tendo valvulae venae cavae inferioris	tendon of valve of inferior vena cava
3643	12.1.00.030	trigonum nodi sinuatrialis	triangle of sinu-atrial node
3644	12.1.01.001	<b>atrium dextrum</b>	<b>right atrium</b>
3645	12.1.01.002	auricula dextra	right auricle
3646	12.1.01.003	crista terminalis	crista terminalis
3647	12.1.01.004	foramina venarum minimarum	openings of smallest cardiac veins
3648	12.1.01.005	fossa ovalis	fossa ovalis; oval fossa
3649	12.1.01.006	limbus fossae ovalis	limbus fossae ovalis; border of oval fossa
3650	12.1.01.007	(foramen ovale cordis)	(foramen ovale)
3651	12.1.01.008	musculi pectinati	musculi pectinati; pectinate muscles
3652	12.1.01.009	ostium sinus coronarii	opening of coronary sinus
3653	12.1.01.010	ostium venae cavae inferioris	opening of inferior vena cava
3654	12.1.01.011	ostium venae cavae superioris	opening of superior vena cava
3655	12.1.01.012	sinus venarum cavarum	sinus of venae cavae
3656	12.1.01.013	sulcus terminalis cordis	sulcus terminalis cordis
3657	12.1.01.014	tuberculum intervenosum	intervenous tubercle
3658	12.1.01.015	valvula venae cavae inferioris	valve of inferior vena cava
3659	12.1.01.016	valvula sinus coronarii	valve of coronary sinus
3660	12.1.02.001	<b>ventriculus dexter</b>	<b>right ventricle</b>
3661	12.1.02.002	ostium atrioventriculare dextrum	right atrioventricular orifice
3662	12.1.02.003	valva atrioventricularis dextra; valva tricuspidalis	tricuspid valve; right atrioventricular valve
3663	12.1.02.004	cuspis anterior	anterior cusp
3664	12.1.02.005	cuspis posterior	posterior cusp
3665	12.1.02.006	cuspis septalis	septal cusp
3666	12.1.02.007	crista supraventricularis	supraventricular crest
3667	12.1.02.008	conus arteriosus	conus arteriosus; infundibulum
3668	12.1.02.009	ostium trunci pulmonalis	opening of pulmonary trunk
3669	12.1.02.010	valva trunci pulmonalis	pulmonary valve
3670	12.1.02.011	valvula semilunaris dextra	right semilunar cusp
3671	12.1.02.012	valvula semilunaris sinistra	left semilunar cusp
3672	12.1.02.013	valvula semilunaris anterior	anterior semilunar cusp
3673	12.1.02.014	noduli valvularum semilunarium	nodules of semilunar cusps
3674	12.1.02.015	lunulae valvularum semilunarium	lunules of semilunar cusps
3675	12.1.02.016	commissurae valvularum semilunarium	commissures of semilunar cusps
3676	12.1.02.017	musculus papillaris anterior	anterior papillary muscle
3677	12.1.02.018	musculus papillaris posterior	posterior papillary muscle
3678	12.1.02.019	musculus papillaris septalis	septal papillary muscle

3679	12.1.02.020	trabecula septomarginalis	septomarginal trabecula; moderator band
3680	12.1.02.021	trabeculae carnaeae	trabeculae carnaeae
3681	12.1.03.001	<b>atrium sinistrum</b>	<b>left atrium</b>
3682	12.1.03.002	auricula sinistra	left auricle
3683	12.1.03.003	musculi pectinati	musculi pectinati; pectinate muscles
3684	12.1.03.004	ostia venarum pulmonalium	openings of pulmonary veins
3685	12.1.03.005	valvula foraminis ovalis	valve of foramen ovale
3686	12.1.04.001	<b>ventriculus sinister</b>	<b>left ventricle</b>
3687	12.1.04.002	ostium atrioventriculare sinistrum	left atrioventricular orifice
3688	12.1.04.001	valva atrioventricularis sinistra; valva mitralis	mitral valve; left atrioventricular valve
3689	12.1.04.004	cuspid anterior	anterior cusp
3690	12.1.04.005	cuspid posterior	posterior cusp
3691	12.1.04.006	cuspides commissurales	commissural cusps
3692	12.1.04.007	musculus papillaris anterior	anterior papillary muscle
3693	12.1.04.008	musculus papillaris posterior	posterior papillary muscle
3694	12.1.04.009	vestibulum aortae	aortic vestibule
3695	12.1.04.010	ostium aortae	aortic orifice
3696	12.1.04.011	trabeculae carnaeae	trabeculae carnaeae
3697	12.1.04.012	valva aortae	aortic valve
3698	12.1.04.013	valvula semilunaris dextra; valvula coronaria dextra	right semilunar cusp; right coronary cusp
3699	12.1.04.014	valvula semilunaris sinistra; valvula coronaria sinistra	left semilunar cusp; left coronary cusp
3700	12.1.04.015	valvula semilunaris posterior; valvula non coronaria	posterior semilunar cusp; noncoronary cusp
3701	12.1.04.016	noduli valvularum semilunarium	nodules of semilunar cusps
3702	12.1.04.017	lunulae valvularum semilunarium	lunules of semilunar cusps
3703	12.1.04.018	commissurae valvularum semilunarium	commissures of semilunar cusps
3704	12.1.05.001	<b>endocardium</b>	<b>endocardium</b>
3705	12.1.06.001	<b>myocardium</b>	<b>myocardium</b>
3706	12.1.06.002	complexus stimulans cordis; systema conducens cordis	conducting system of heart
3707	12.1.06.003	nodus sinuatrialis	sinu-atrial node
3708	12.1.06.004	nodus atrioventricularis	atrioventricular node
3709	12.1.06.005	fasciculus atrioventricularis	atrioventricular bundle
3710	12.1.06.006	crus dextrum	right bundle
3711	12.1.06.007	crus sinistrum	left bundle
3712	12.1.06.008	rami subendocardiales	subendocardial branches
3039	07.1.03.001	<b>cavitas pericardiaca</b>	<b>pericardial cavity</b>
3713	12.1.07.001	sinus transversus pericardii	transverse pericardial sinus
3714	12.1.07.002	sinus obliquus pericardii	oblique pericardial sinus
3715	12.1.08.001	<b>pericardium</b>	<b>pericardium</b>
3716	12.1.08.002	pericardium fibrosum	fibrous pericardium
3717	12.1.08.003	ligamenta sternopericardiaca	sternopericardial ligaments
3718	12.1.08.004	membrana bronchopericardiaca	bronchopericardial membrane
3719	12.1.08.005	pericardium serosum	serous pericardium
3720	12.1.08.006	lamina parietalis	parietal layer
3721	12.1.08.007	lamina visceralis; epicardium	visceral layer; epicardium
3722	12.1.08.008	tunica serosa	serosa; serous coat
3723	12.1.08.009	tela subserosa	subserosa; subserous layer
3724	12.1.08.010	plica venae cavae sinistrae	fold of left vena cava
3725	12.2.00.001	<b>arteriae</b>	<b>arteries</b>
3726	12.2.01.001	<b>TRUNCUS PULMONALIS</b>	<b>PULMONARY TRUNK</b>
3727	12.2.01.002	sinus trunci pulmonalis	sinus of pulmonary trunk
3728	12.2.01.003	crista supralvalvularis	supralvalvular ridge
3729	12.2.01.004	bifurcatio trunci pulmonalis	bifurcation of pulmonary trunk
3730	12.2.01.101	<b>arteria pulmonalis dextra</b>	<b>right pulmonary artery</b>
3731	12.2.01.102	arteriae lobares superiores	superior lobar arteries
3732	12.2.01.103	arteria segmentalis apicalis	apical segmental artery
3733	12.2.01.104	arteria segmentalis anterior	anterior segmental artery
3734	12.2.01.105	ramus ascendens	ascending branch
3735	12.2.01.106	ramus descendens	descending branch
3736	12.2.01.107	arteria segmentalis posterior	posterior segmental artery
3737	12.2.01.108	ramus ascendens	ascending branch
3738	12.2.01.109	ramus descendens	descending branch

3739	12.2.01.110	arteria lobaris media	middle lobar artery
3740	12.2.01.111	arteria segmentalis medialis	medial segmental artery
3741	12.2.01.112	arteria segmentalis lateralis	lateral segmental artery
3742	12.2.01.113	arteriae lobares inferiores	inferior lobar arteries
3743	12.2.01.114	arteria segmentalis superior	superior segmental artery
3744	12.2.01.115	pars basalis	basal part
3745	12.2.01.116	arteria segmentalis basalis anterior	anterior segmental basal artery
3746	12.2.01.117	arteria segmentalis basalis lateralis	lateral basal segmental artery
3747	12.2.01.118	arteria segmentalis basalis medialis	medial basal segmental artery
3748	12.2.01.119	arteria segmentalis basalis posterior	posterior basal segmental artery
3749	12.2.01.201	<b>arteria pulmonalis sinistra</b>	<b>left pulmonary artery</b>
3750	12.2.01.202	ligamentum arteriosum	ligamentum arteriosum
11345	12.2.01.221	(ductus arteriosus persistens)	(persistent ductus arteriosus)
3751	12.2.01.203	arteriae lobares superiores	superior lobar arteries
3752	12.2.01.204	arteria segmentalis apicalis	apical segmental artery
3753	12.2.01.205	arteria segmentalis anterior	anterior segmental artery
3754	12.2.01.206	ramus ascendens	ascending branch
3755	12.2.01.207	ramus descendens	descending branch
3756	12.2.01.208	arteria segmentalis posterior	posterior segmental artery
3757	12.2.01.209	ramus ascendens	ascending branch
3758	12.2.01.210	ramus descendens	descending branch
3759	12.2.01.211	arteria lingularis	lingular artery
3760	12.2.01.212	arteria lingularis inferior	inferior lingular artery
3761	12.2.01.213	arteria lingularis superior	superior lingular artery
3762	12.2.01.214	arteriae lobares inferiores	inferior lobar arteries
3763	12.2.01.215	arteria segmentalis superior	superior segmental artery
3764	12.2.01.216	pars basalis	basal part
3765	12.2.01.217	arteria segmentalis basalis anterior	anterior basal segmental artery
3766	12.2.01.218	arteria segmentalis basalis lateralis	lateral basal segmental artery
3767	12.2.01.219	arteria segmentalis basalis medialis	medial basal segmental artery
3768	12.2.01.220	arteria segmentalis basalis posterior	posterior basal segmental artery
3769	12.2.02.001	<b>AORTA</b>	<b>AORTA</b>
3770	12.2.03.001	<b>pars ascendens aortae; aorta ascendens</b>	<b>ascending aorta</b>
3771	12.2.03.002	sinus aortae	aortic sinus
3772	12.2.03.003	crista supravulvaris	supravulvar ridge
3773	12.2.03.004	bulbus aortae	aortic bulb
3774	12.2.03.101	<b>arteria coronaria dextra</b>	<b>right coronary artery</b>
3775	12.2.03.102	rami atrioventriculares	atrioventricular branches
3776	12.2.03.103	ramus coni arteriosi	conus branch
3777	12.2.03.104	ramus nodi sinuatrialis	sinu-atrial nodal branch
3778	12.2.03.105	rami atriales	atrial branches
3779	12.2.03.106	ramus marginalis dexter	right marginal branch
3780	12.2.03.107	ramus atrialis intermedius	intermediate atrial branch
3781	12.2.03.108	ramus interventricularis posterior	posterior interventricular branch
3782	12.2.03.109	rami interventriculares septales	interventricular septal branches
3783	12.2.03.110	ramus nodi atrioventricularis	atrioventricular nodal branch
3784	12.2.03.111	(ramus posterolateralis dexter)	(right posterolateral branch)
3785	12.2.03.201	<b>arteria coronaria sinistra</b>	<b>left coronary artery</b>
3786	12.2.03.202	ramus interventricularis anterior	anterior interventricular branch
3787	12.2.03.203	ramus coni arteriosi	conus branch
3788	12.2.03.204	ramus lateralis	lateral branch
3789	12.2.03.205	rami interventriculares septales	interventricular septal branches
3790	12.2.03.206	ramus circumflexus	circumflex branch
3791	12.2.03.207	ramus atrialis anastomoticus	atrial anastomototic branch
3792	12.2.03.208	rami atrioventriculares	atrioventricular branches
3793	12.2.03.209	ramus marginalis sinister	left marginal artery
3794	12.2.03.210	ramus atrialis intermedius	intermediate atrial branch
3795	12.2.03.211	ramus posterior ventriculi sinistri	posterior left ventricular branch
3796	12.2.03.212	(ramus nodi sinuatrialis)	(sinu-atrial nodal branch)
3797	12.2.03.213	(ramus nodi atrioventricularis)	(atrioventricular nodal branch)
3798	12.2.03.214	rami atriales	atrial branches

3799	12.2.04.001	<b>arcus aortae</b>	<b>arch of aorta; aortic arch</b>
3800	12.2.04.002	(isthmus aortae)	(aortic isthmus)
3801	12.2.04.003	corpora paraaortica; glomera aortica	para-aortic bodies; aortic glomera
3804	12.2.04.006	<b>arteria carotis communis</b>	<b>common carotid artery</b>
3807	12.2.04.009	bifurcatio carotidis	carotid bifurcation
3805	12.2.04.007	glomus caroticum	carotid body
3806	12.2.04.008	<b>sinus caroticus</b>	<b>carotid sinus</b>
3802	12.2.04.004	<b>truncus brachiocephalicus</b>	<b>brachiocephalic trunk</b>
3803	12.2.04.005	(arteria thyroidea ima)	(thyroid ima artery)
3808	12.2.05.001	<b>arteria carotis externa</b>	<b>external carotid artery</b>
3809	12.2.05.002	<b>arteria thyroidea superior</b>	<b>superior thyroid artery</b>
3810	12.2.05.003	ramus infrahyoideus	infrahyoid branch
3811	12.2.05.004	ramus sternocleidomastoideus	sternocleidomastoid branch
3812	12.2.05.005	arteria laryngea superior	superior laryngeal artery
3813	12.2.05.006	ramus cricothyroideus	cricothyroid branch
3814	12.2.05.007	ramus glandularis anterior	anterior glandular branch
3815	12.2.05.008	ramus glandularis posterior	posterior glandular branch
3816	12.2.05.009	ramus glandularis lateralis	lateral glandular branch
3817	12.2.05.010	<b>arteria pharyngea ascendens</b>	<b>ascending pharyngeal artery</b>
3818	12.2.05.011	arteria meningea posterior	posterior meningeal artery
3819	12.2.05.012	rami pharyngeales	pharyngeal branches
3820	12.2.05.013	arteria tympanica inferior	inferior tympanic artery
3821	12.2.05.014	<b>(truncus linguofacialis)</b>	<b>(linguofacial trunk)</b>
3822	12.2.05.015	<b>arteria lingualis</b>	<b>lingual artery</b>
3823	12.2.05.016	ramus suprahyoideus	suprahyoid branch
3824	12.2.05.017	rami dorsales linguae	dorsal lingual branches
