

systema ventriculare

PARTONOMY LIST

FMA	TA	UID	Short official Latin term	Short Spanish equivalent
242787		8276	systema ventriculare 	sistema ventricular 
75351		5789	foramen interventriculare (par) 	agujero interventricular (par) 
78448		6108	ventriculus lateralis (par) 	ventriculo lateral (par) 
74520		6109	cornu frontale (par)  ; cornu anterius (par) 	asta frontal (par)  ; asta anterior (par) 
75351		5789	foramen interventriculare  	agujero interventricular  
83703		6110	pars centralis (par)  ; corpus (par) 	porción central (par)  ; cuerpo (par) 
74592		6113	taenia choroidea ventriculi lateralis (par) 	tenia coroidea del ventriculo lateral (par) 
74512		6114	fissura choroidea (par) 	fisura coroidea (par) 
83711		5130	plexus choroideus ventriculi lateralis  	plexo coroideo del ventriculo lateral  
83713		6116	trigonum collaterale (par) 	trígono colateral (par) 
83704		6117	atrium (par) 	atrio (par) 
83706		6118	eminentia collateralis (par) 	eminencia colateral (par) 
		5131	glomus choroideum  	glomus coroideo  
83699		6120	bulbus cornus occipitalis (par) 	bulbo de la asta occipital del ventriculo lateral (par) 
83707		6121	calcar avis (par)	espolón calcarino (par) 
83700		6122	cornu occipitale (par)  ; cornu posterius (par) 	asta occipital (par)  ; asta posterior (par) 
83701		6123	cornu temporale (par)  ; cornu inferius (par) 	asta temporal (par)  ; asta inferior (par) 
78454		5788	ventriculus tertius 	tercer ventrículo
75351		5789	foramen interventriculare  	agujero interventricular  
75260		5790	organum subfornicale 	órgano subfornical 
78461		5773	taenia thalami (par) 	tenia del talámo (par) 
78464		9097	velum interpositum 	velo interposito 
78463		5128	tela choroidea ventriculi tertii  	tela coroidea del tercer ventrículo  
78462		5129	plexus choroideus ventriculi tertii  	plexo coroideo del tercer ventrículo  
78457		5791	recessus suprapinealis 	receso suprapineal 
62048		5792	commissura habenulae  	comisura habénular  
78458		5793	recessus pinealis 	receso pineal 
62072		5794	commissura posterior  	comisura posterior  
72414		5811	organum subcommissurale 	órgano subcomisural 
78468		5668	apertura aqueductus mesencephali  ; apertura aqueductus cerebri	orificio del acueducto del mesencéfalo 
78456		5795	recessus infundibularis  ; recessus infundibuli 	receso infundibular 
74634		5787	eminentia mediana 	eminencia media
78455		5796	recessus supraopticus 	receso supraóptico 
61975		5797	lamina terminalis 	capa terminal 
62315		5949	organum vasculosum laminae terminalis 	órgano vascular de la capa terminal 
78455		9031	recessus preopticus 	receso preóptico 
61968		5798	columna fornix  	columna del fórnix  
61961		5799	commissura anterior  	comisura anterior  
78465		5800	sulcus hypothalamicus 	surco hipotálamico 
74869		5771	adhesio interthalamica 	adhesio intertalámico 
78469		5546	ventriculus quartus 	cuarto ventriculo 
78439		5558	tegmen ventriculi quarti 	techo del cuarto ventriculo 
75015		5567	apertura mediana 	orificio mediano 

78470		5562	recessus lateralis ventriculi quarti (par) ^U	receso lateral del cuarto ventriculo (par) ^U
78473		5563	apertura lateralis (par) ^U	orificio lateral (par) ^U
78492		5127	plexus choroideus ventriculi quarti ^U 	plexo coroideo del cuarto ventriculo ^U 
78493		5126	tela choroidea ventriculi quarti ^U 	tela coroidea del cuarto ventriculo ^U 
72261		5566	velum medullare inferius ^U	velo medular inferior ^U
78477		5559	fastigium ^U	fastigio ^U
74508		5564	velum medullare superius ^U	velo medular superior ^U
84830		5565	frenulum ^U	frenillo ^U
78486		5547	fossa rhomboidea ^U	fosa romboidal ^U
78485		5548	sulcus medianus ^U	surco mediano ^U
78496		5569	sulcus limitans (par) ^U	surco limitante (par) ^U
78481		5570	fovea superior (par) ^U	fosita superior (par) ^U
78482		5571	fovea inferior (par) ^U	fosita inferior (par) ^U
78483		5556	funiculus separans (par) ^U	funiculus separans (par)
		5557	taenia cinerea (par) ^U	tenia cinérea (par) ^U
78445		5554	trigonum nervi vagi (par) ^U ; trigonum vagale (par) ^U	trígono del nervio vago (par) ^U ; trígono vagal (par) ^U
78489		5553	trigonum nervi hypoglossi (par) ^U ; trigonum hypoglossum (par) ^U	trígono del nervio hipogloso (par) ^U ; trígono hipogloso (par) ^U
78484		5552	striae medullares ventriculi quarti (par) ^U	estrías medulares del cuarto ventriculo (par) ^U
78478		5555	area vestibularis (par) ^U	área vestibular (par) ^U
74488		8277	tuberculum acusticum (par) ^U	tubérculo acústico (par) ^U
78480		5550	colliculus facialis (par) ^U	colículo facial (par) ^U
78479		5549	eminentia medialis (par) ^U	eminencia medial (par) ^U
72478		5551	locus caeruleus (par) ^U	locus caeruleus (par)
78467		5667	aqueductus mesencephali ^U ; aqueductus cerebri ^U	acuoducto del mesencéfalo ^U ; acuoducto cerebral ^U
78498		5143	ventriculus terminalis ^U	ventriculo terminal ^U
